To All Interested Parties

Edmond Lindop School District 92 is requesting a waiver of the administrative expenditure limitation established in Section 17-1.5 of the School Code for exceeding the 5% cap. The circumstances that have led to this were beyond the control of the district and are detailed below;

The prior Director of Business Operations was given an increase that was regionally competitive. In addition, a bonus was set aside for his attainment of his Chief School Business Officials License. The district also incurred a higher expense for his family health care coverage.

As it relates to the superintendent, in the prior year, money allocated for professional development went unused due to her busy schedule in her first year. These funds were reallocated this year artificially boosting the percentage increase over the last year.

In the area of internal services, the cost for lease payments and supplies for copier services will be reclassified to correct a budgeting error.

Our district is committed to the appropriate use of public funds. Please consider our application for a waiver for the current school year.

Respectfully,

A handwritten signature in black ink that reads "Janiece Jackson". The signature is written in a cursive, flowing style.

Dr. Janiece Jackson
Superintendent
